**New order for a 10.000 tpd cooler for Russia**

IKN has received an order for a 10.000 tpd cooler for Russia.

The two-stage cooler with intermediate crusher and an area of 269m<sup>2</sup> will be installed in a new line 200km south of Moscow.

This is already the second order for an IKN clinker cooler for a new line in Russia within 24 months and shows that the Pendulum Cooler<sup>®</sup> is the first choice when it comes to reliable operation even in difficult environments.
